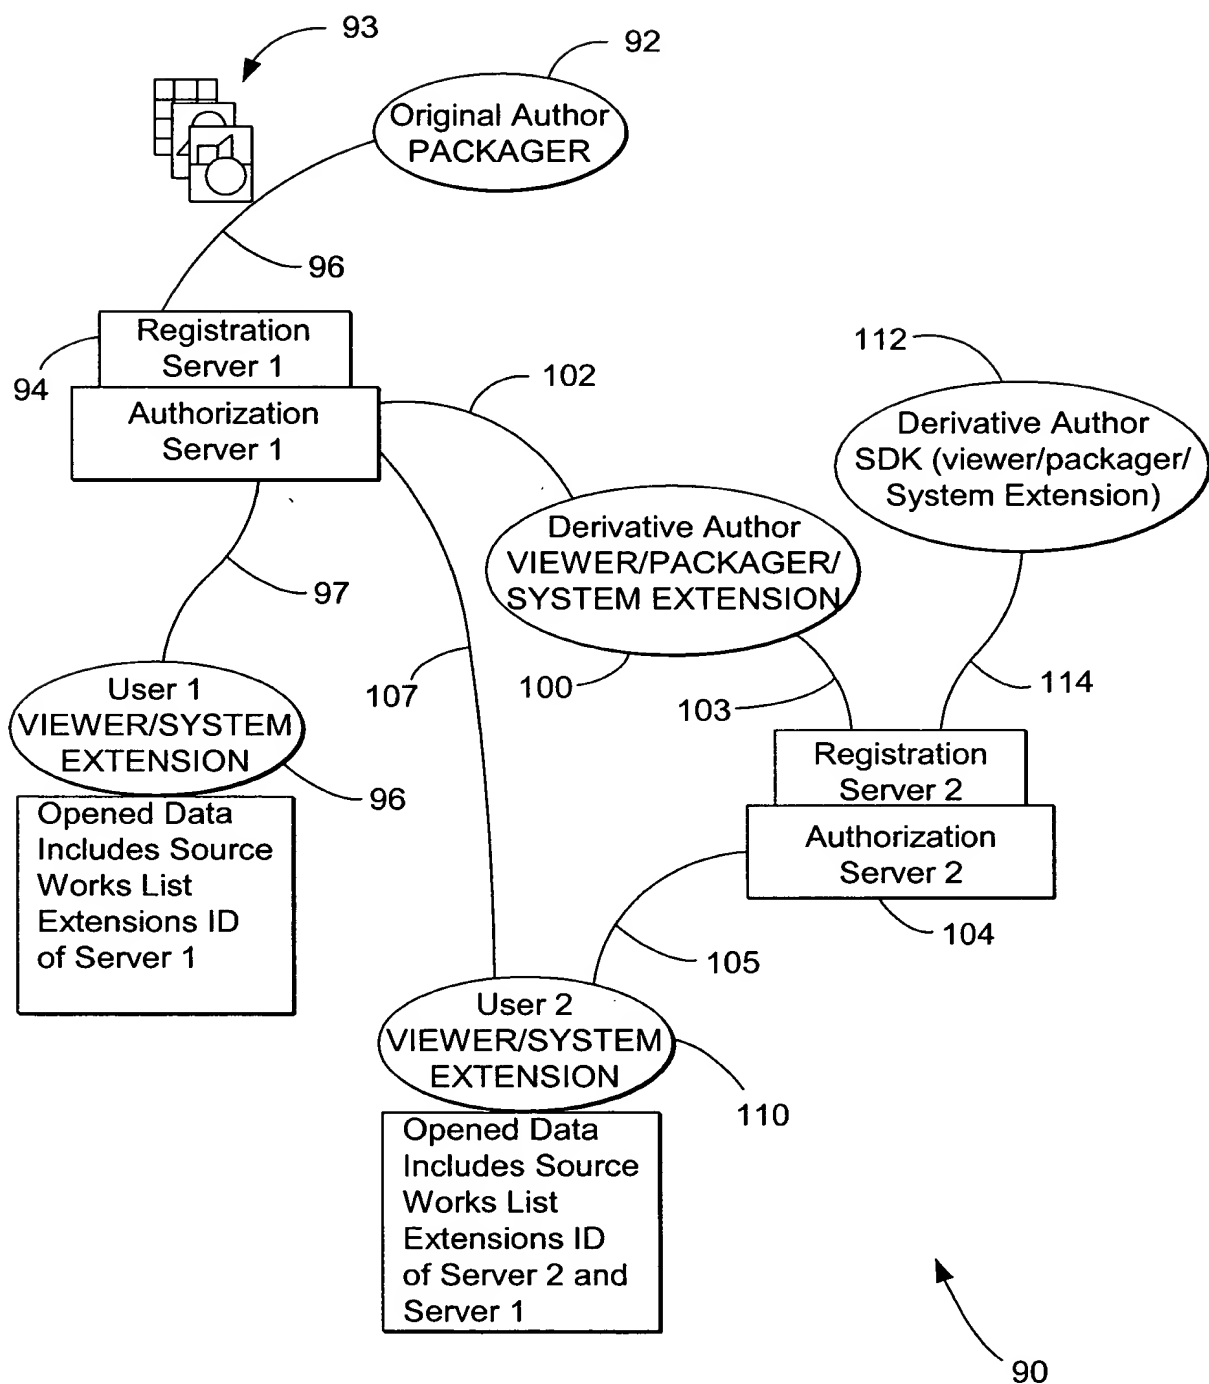

FIG. 6

A screenshot of a software window titled "CONTAINER Info". The window has a standard Mac OS-style title bar with a close button (red square) and window control buttons (yellow and green squares). The main content area contains the following labels and input fields:

- Title :
- Author :
- Registry :
- Comments :
- Licenslt Rev :
- Media Type :
- Creator App :

Below the labels are two large rectangular text input fields. At the bottom of the window are three buttons: "Display Sources", "Registry Info" (which is highlighted with a double border), and "Licenslt!".

FIG. 7

A screenshot of a software window titled "License Request". It has a standard Mac OS-style title bar. The main content area contains the following labels and input fields:

- Registry :
- Permissions Requested :

Below the labels is a large rectangular text input field. At the bottom of the window are three buttons: "Edit Request", "Cancel" (highlighted with a double border), and "Submit".

FIG. 7a

A screenshot of a software window titled "Permissions Request Editor". It has a standard Mac OS-style title bar. The main content area contains the following labels and input fields:

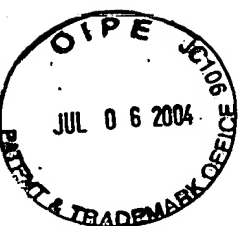

- Permissions Requested :

Below the label is a list of permissions, each with an unchecked checkbox:

- ☐ Opening/Viewing
- ☐ Modify
- ☐ Drag & Drop
- ☐ Printing
- ☐ Format Changes

To the right of this list is another unchecked checkbox labeled "Save". At the bottom of the window are two buttons: "Cancel" and "Okay" (highlighted with a double border).

FIG. 7b

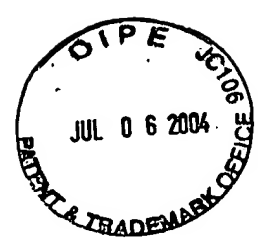

A dialog box titled "License Agreement". It contains the following text labels: "Registry:", "Rights Holder:", "Authorized Licensee:", and "Permissions Granted by this Agreement:". Below "Permissions Granted by this Agreement:" is a large empty rectangular text area. Below this is the label "Terms of this Agreement:" followed by another large empty rectangular text area. At the bottom are two buttons: "Cancel" on the left and "I Hereby Agree" on the right.

FIG. 7c

A dialog box titled "Registry Info". It contains the following text labels: "Registry:", "Rights Owner:", and "User Classes Available :". Next to "User Classes Available :" is a dropdown menu showing "General" with a downward arrow. Below this is the label "Comments:" followed by a large empty rectangular text area. Below this is the label "Permissions Available for General:" followed by another large empty rectangular text area. Below this is the label "Licensing Terms for General:" followed by a third large empty rectangular text area. At the bottom are two buttons: "Cancel" on the left and "Request Permissions" on the right.

Third Party Application - Actions	VIEWER and/or PACKAGER Actions	Authorization Server Actions	Registration Server Actions
CONTAINER Opened			
	VIEWER views CONTAINER attributes, including minimum and auxiliary permissions, if any		
	Authorization server contacted if required		
		Compare requested permissions and user class with rule base	
		Grant appropriate auxiliary permissions and issue encrypted certificate	
Viewer or editor opened for packaged data type			
	If editing, initialize local list of active source works		
Attempt unauthorized action			
Prepare request for required permissions			
	Contact authorization server for auxiliary permissions		
		Compare requested permissions and user class with rule base	
		Grant appropriate auxiliary permissions and issue encrypted certificate	
Perform desired action			
Import CONTAINER			
	Contact authorization server on opening, if required		
	Add new work to Source Works list		
Attempt file save			
	Examine clearances (minimum and auxiliary permissions) of source works		
	Initiate authorization requests for uncleared works		
		Grant appropriate auxiliary permissions and issue encrypted certificate	
Move data to Packager			
	Assemble based upon data to be saved		
	Select server and generate registration request		
			Grant registration request (used for final signature)
	Complete CONTAINER packaging
